

Spina Electric Company, an ISO9001-2000 Certified company, was founded by Al Spina in 1948 and has been servicing the Electric Motor Industry since. Al's extensive experience in motor repair has led a profitable venture with 35 professional employees who offer technical knowledge and repair services - 24 hours per day, 7 days per week. We are a motor and electrical distributor with a vast inventory and have been supplying industry with NEMA, IEC, AC Induction, DC motors, drives and controls. Within our 40,000 sq. ft. building located in Warren, Michigan, we stock and repair an extremely wide variety of electric motors and apparatus. Our main focus then and now is to serve the needs of our customers. We perform service work which includes sophisticated preventative and predictive maintenance.

Because of Spina Electric Company's size, we have been able to respond to the needs of our customers with the latest trends, equipment, and personal service. Our size also enables us to relate to the needs of our employees. To attract the best qualified team members, we offer a profit plan along with health and life insurance benefits to compliment a wage scale that is above average for our industry.

Our Sales & Support Team is comprised of personnel that are trained and certified in all of the major manufacturers products in the Electric Motor arena. This includes, but is not limited to Electric Motors, Drives/Programmable Controls, and Power Transmission Equipment. They have the expertise and technical knowledge to answer any questions you may have 24 hours a day.

Contact us for all of your electric motor needs!
