

[WSI](#), headquartered in Toronto, Canada, is ranked the #1 Internet Services Business in the world. With systems that have been developed, utilized and proven by over 1500 Consultants in 87 countries worldwide, WSI delivers thousands of affordable Internet related services and technologies that enhance the profitability of and deliver maximum return on investment for businesses annually.

At WSI/ Three Kings Global LLC, founded 2005 we take the *team* concept to attend to our clients every need. Stressing a community approach to business, with extensive experience in sales, project management, education, training and customer service, Dave, Jason and Alan can uniquely serve any organization wanting to survive in the newly interconnected world of *e-business*.

Over 20 years of community service work for the Board of Education and Non-profit groups at the State and Grassroots level give us the experience and skills needed to communicate with business owners and leaders to develop *e-business solutions* that expand their market reach.

We see the *internet* and *e-business* being the driving force behind the *global economy* in education, manufacturing and commerce.
